PER CURIAM:

\* The general court-martial order erroneously includes language "minors in various stages of undress" in all three Specifications of the Charge. Since the convening authority withdrew this language prior to the entry of pleas, the court-martial order is in error and we direct that a new order be issued. However, because we conclude this error to be administrative, we do not order a new action. We also conclude the convening authority approved the findings of guilty to which the appellant pled and was found guilty by the military judge. This conclusion is bolstered by the fact that the Air Force Form 1359, *Report of Result of Trial*, considered by the convening authority correctly stated the findings.
